

INTERNATIONAL AGREEMENT

between Mr. /Mrs. / Messrs.
 with headquarters in

and

the **INTERNATIONAL SNAIL BREEDING INSTITUTE of CHERASCO** (Cuneo), with
 headquarters in via Voersio 13, VAT Nr. 02385320045, together with the company **EURO-HELIX
 srl**, with headquarters in via Sant'Iffredo 20/A, 12062 Cherasco (Cuneo), VAT Nr. 02083510046,

granted that

Mr. /Mrs. / Messrs.
 with headquarters in
 intends to start a biological breeding cycle of gastronomy *Helix Aspersa* snails of
 hectares, for an approximate annual production ofKg,
 according to the production system established by the International Snail Breeding Institute of
 Cherasco,

the following agreement is contracted:

- 1) The International Snail Breeding Institute of Cherasco together with the company Euro-Helix of Cherasco allow Mr. /Mrs. / Messrs. to employ their technologies and breeding systems of the *Helix Aspersa Müller* and *Helix Aspersa Maxima* snails.

- 2) The partnership has no time limits and will be interrupted only by non-observance of these terms and conditions, which are signed by both contractors.
- 3) If Mr. /Mrs. / Messrs. intend to cooperate with the International Snail Breeding Institute of Cherasco and to ask for their services, he/she/ it has to buy from Euro-Helix Italia srl, for each breeding, what follows:
 - a) the **special net Helitex** (*world patent*), against slime and escapes;
 - b) the **Helix Aspensa Müller reproducers**, which are necessary for the first year of breeding. The reproducers are bought only in the first year of breeding activity. In the following years, the new born selected snails can be used as reproducers.
For every year of breeding should then be bought:
 - c) **special seeds for snail breeding**, fitting to the kind of bred snails and to the required quantity by the dimensions of the fields.
- 4) By the setting-up and the following handling of the snail breeding Mr. /Mrs. / Messrs. can employ the whole technical information of the International Snail Breeding Institute, which is the result of 30 years of experience all over the world. The breeding technology can be reproduced and spread, even with fee, to the breeders of the contractor's foreign country. Through this agreement Mr. /Mrs. / Messrs. can consider him/her/itself an agent and a commercial partner of the International Snail Breeding Institute of Cherasco.
- 5) The purchase prices of the required materials for the setting-up of the breeding are communicated every year by Euro-Helix srl and are intended as delivery ex-works Cherasco. The payment has to be done in advance on pro-forma invoice with bank transfer. The means of transportation are arranged every time by the contractors.

The International Snail Breeding Institute of Cherasco together with the company Euro-Helix of Cherasco undertake themselves to:

- 1) help by technical knowledge and support by the setting-up and the management of the first breeding, with cost-free supply of the concerned project, of the construction and operation plan and of the ground inspection. (Mr. /Mrs. / Messrs.
.....
will bear eventual expenses for consulting and assistance survey in loco).
- 2) buy all the snails coming from the breeding which was set up with the selected reproducers. Snails *Helix Aspersa Müller* and *Maxima* are bought and called for when presenting the standard commercial international characteristics: lower limit of the shell 18 mm; boarded and hard shell; at least 15 days drying and starving; packaging in max 10 kg aerated boxes. A 1,5% mortality is tolerated.
- 3) Mr. /Mrs. / Messrs. is in any case free to sell his/her/its annual production to whom he/she/it wants, that means he/she/it has no obligation to buy exclusively from Euro-Helix srl.
- 4) Euro-Helix srl calls yearly for 250 grams for every reproducer which was bought by Mr. /Mrs. / Messrs. in Italy from the Euro-Helix srl through the International Snail Breeding Institute of Cherasco. This quantity represents about 11.000 kg of product per hectare every year.
The sold goods has to be returned to our warehouse in Cherasco with certification of origin and customs clearance, if required (extra EU countries).
Prices: the medium price is the one for the specific delivered quality registered on the international markets of Paris, Barcelona, Madrid, Athens and Milan at the time of the selling.

Payment: 30 days from the arrival in Cherasco.

For example, in 2011 the price paid for standard goods was for Helix Aspersa Müller €4,00 – 4,90 per kg, returned to Cherasco.

This agreement has no time limits. It can be rescinded even only unilaterally, if one of the contract conditions sub a), b), c), should not be respected.

By signing up this agreement, all the above mentioned terms and conditions are accepted.
